

Patients rate us 4.9/5

Here's what they say

"It was very quick and convenient. I came back late from work and it allowed me to speak to a doctor without having to wait for an appointment."

"What would usually take days was sorted within minutes – and on a Sunday afternoon! Very impressed with how quick and easy it was to speak to a doctor and get a prescription sent straight to my local pharmacy."

"Excellent service, friendly doctor with great bedside manner. This app is a lifesaver. Thank you LIVI and our NHS!"

Download the app to see a GP

Free to NHS patients registered at partner GP practices in this area.
See a full list at livi.co.uk or check in the LIVI app.

Free on the NHS to patients of this GP practice.

See a GP in a moment. Even at the weekend.

- ✓ See an NHS GP in minutes.
- ✓ Get medical advice, prescriptions and referrals.
- ✓ Open Mon-Sun, in addition to your GP Practice. Check the LIVI App for more details.

What is LIVI?

LIVI is a video GP service that's now available through this practice. It lets you see a GP in minutes – even at weekends. It's **free on the NHS** for you and your family.

How does LIVI work?

1. Download the LIVI app

It's available on mobile or tablet. Register, find your practice and you're ready to go. If it's your first appointment you will need to add some ID first. (Passport, driving licence or residency card).

2. Book your appointment

Choose to see the next available GP in minutes, or book up to 7 days in advance.

3. Wait for the GP to video call

Your GP will call you in the app to start your appointment. You'll get a reminder just before.

Everyone should download LIVI. For when...

Your GP is closed.

You can't miss work.

Your child needs to see a doctor.

It's hard to get to the surgery.

When can LIVI help you?

GPs can help with a wide range of problems by video including:

Acne

Headaches & migraines

Allergies

Indigestion & heartburn

Anxiety & depression (mild to moderate)

Insomnia or difficulty sleeping

Asthma (mild to moderate)

Nail problems

Constipation & stomach problems

Sinus problems

Contraception & family planning

Skin rashes & eczema

Eye inflammation

Urinary tract infection

Fever

Other health enquiries

Although your digital GP will be happy to discuss any condition, some conditions that require a physical examination may not be suitable for video consultation.
